

INTRODUCTION FOR TEACHERS

Welcome to the **BACK TO THE FUTURE: The Musical** Educational Resources! We hope that these teaching resources allow you and your students to really engage with, and explore, this amazing show. Materials are adapted for the Australian Curriculum V9.0 and are intended for use for Years 4 – 10. The Worksheet Overview provides a guide for teachers to work from by level and subject. These resources are divided into four separate downloads:

SECTION 1: BACK IN TIME (PRE-SHOW MATERIALS)

SECTION 2: SCREEN TO STAGE (POST-SHOW MATERIALS)

SECTION 3: LIVE PERFORMANCE REVIEW – STUDENT NOTEBOOK

SECTION 4: PROFESSIONAL PRACTICE / ROLES IN THEATRE

There are two downloadable slide decks:

- 1) **BACK TO THE FUTURE: CONTEXT** - An introduction to contextual information from the 1950s and 1980s. Ideal to share with students before you go and see the show.
- 2) **FAILURE BEFORE SUCCESS** - This slide deck accompanies the Teacher Notes on p.8-9 of 'Section 2: Screen to Stage'.
