

# BACK TO THE EIGHTIES

## 80s CULTURE

## 80s FASHION

## 80s TECHNOLOGY

## 80s POLITICS

America's President in the 1980s was Ronald Reagan. When Marty tells Doc that Ronald Reagan is president in 1985, he doesn't believe him, because in 1955, Reagan was a Hollywood film actor.

## 80s YOUTH CULTURE & MUSIC

In both the UK and the USA, teenagers and young people engaged with all sorts of new music and media. Advancements in technology led to electronic music emerging and young people able to create and record their own music at home. Movies and TV had their golden era and **BACK TO THE FUTURE** the movie was a huge part of that!
